

THE DALEYS CHILDREN'S PLAN

Here at Daleys Dental Practice our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry. Tooth decay is one of the most common preventable diseases and to prevent it requires a commitment of time and effort. With the correct habits, there is no reason why your child should not have healthy teeth for life. Research shows that preventive dentistry delivered on a regular basis greatly reduces the risk of dental disease in children and provides a platform for a lifetime of improved oral health.

With this in mind, we have joined with DPAS Limited to design a dental plan for children. This plan will be administered by DPAS who will make a separate arrangement with you to manage your payments under the plan. The plan will provide advantages both to you and to us. It will allow us to plan your child's dental care more effectively and provide the best chance of keeping your child dentally fit. The advantage for you is that it should minimise your child's need for fillings and extractions and you will have the peace of mind that all of your child's preventive dental care will be covered by convenient monthly payments. Upon joining the dental plan, you will also be eligible to request assistance from the Worldwide Dental Emergency Assistance Scheme for dental emergencies or dental traumas whilst at home or abroad (see overleaf) – essential cover for the rough and tumble of childhood.

WHO IS OUR PLAN FOR?

Our plan is designed for those parents or guardians who wish their children to participate in a regular preventive care programme and to budget on a monthly basis.

WHAT DOES OUR PLAN INCLUDE?

The Daleys Children's Plan is £10.00 per month and covers:

- 2 dental health examinations per year
- two visits with the hygienist (with oral and hygiene advice if required)
- all treatment planning for your child's future dental needs
- all necessary routine x-rays
- 20% reduction on any fillings, other dental work (extractions etc) and other hygiene work
- 20% reduction on mouthguards and Electrical Oral Health Products purchased at the practice
- assessments of emergency and dental pain with any temporary treatment required during normal surgery hours
- priority access to surgery and out of hours practice emergency times
- eligibility to request assistance from the Worldwide Dental Emergency Assistance Scheme (see overleaf).

The monthly plan cost includes the charges for management and administration payable by you to DPAS.

Treatment not covered by this plan can be paid for separately. Children 0-4 years are free (not eligible for assistance from the Worldwide Dental Emergency Assistance Scheme)

HOW DO YOU ENROL YOUR CHILD INTO OUR CHILDREN'S PLAN?

There is no need for an assessment. All you have to do is complete a registration form for us and a Direct Debit mandate and authorisation form for DPAS, on behalf of your child.

This plan has a minimum membership term of 6 months. If you cancel your child's membership within this period, you will be liable for the outstanding months' payments whether you attend the practice or not. After 6 months, you can cancel your child's membership by simply giving us one month's notice.

WHAT HAPPENS IN AN EMERGENCY?

Emergencies for patients registered at the practice will be seen during normal surgery hours the same day. Out of surgery hours we have an emergency bleep number which can be obtained by ringing the practice and listening to the answer machine recording. This number is manned by one of the dentists from the practice. Away from home, membership of the practice plan allows access to a 24 hour 365 day worldwide dental emergency helpline.

ANY QUESTIONS?

If you have any questions about our children's plan, please contact our reception team who will be happy to provide further information and guidance.

Terms within this brochure are subject to change without notice.

HOW DOES THE WORLDWIDE DENTAL EMERGENCY ASSISTANCE SCHEME WORK?

Whilst a member of the dental plan, should you suffer a dental trauma, a dental emergency or be diagnosed with oral cancer you will be eligible to make a request for assistance from the Worldwide Dental Emergency Assistance Scheme. The Scheme responds to such requests on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, the Scheme has no obligation to provide any benefit unless the Scheme Manager (the person appointed to administer the Scheme) first decides (in its sole and absolute discretion) that the Scheme should provide a benefit. There are some circumstances in which the Scheme is not designed to help (these situations being similar to exclusions under an insurance policy) and these are explained in more detail in the Worldwide Dental Emergency Assistance Scheme Handbook. The Scheme Manager will look at each case individually to assess the request for a benefit. Certain restrictions and limitations may apply in the event that your request for assistance is accepted and it is possible that in some cases the Scheme Manager will decide to provide no benefit. If your request for assistance is accepted by the Scheme Manager you will be eligible to receive benefit payments from the Scheme in the following situations (up to the limits set by the Scheme and published from time to time):

- ✓ The cost of dental treatment by any dentist up to a maximum of £10,000 for any one incident of dental trauma
- ✓ The cost of:
 - emergency call-outs
 - pain relief or emergency temporary treatment
- ✓ A specified amount for each complete 24-hour period of hospitalisation wholly or partly under the care of a consultant who specialises in dental or maxillofacial surgery
- ✓ A specified amount if you are diagnosed with oral cancer and this is the primary cancer site

You will also have 24 hour access to a worldwide dental emergency helpline.

Please refer to the Worldwide Dental Emergency Assistance Scheme Handbook for full details.
